Best in academics, placements, entrepreneurship support

College of Engineering Cherthala (CEC), Established in 2004, has rapidly emerged as a premier institution in Kerala, dedicated to excellence in Science and Technology. Affiliated with APJ Abdul Kalam Technological University and approved by AICTE, CEC excels in academic achievements, securing the top rank in Alappuzha district for the 2019-23 batch results within KTU University. As a proud participant in the Government of India's TEQIP II, the college is committed to quality enhancement. Notably, its B.Tech in Computer Science & Engineering is accredited by the National Board of Accreditation. Choose CEC for a distinguished engineering education.

- TRANSPORTATION
- CANTEEN
- PLAY GROUNDS

COLLEGE BUSES FROM

- **THOPUMPADY**
- **ERNAKULAM**
- **ALAPUZHA**

OUR STUDENT TESTIMONIALS

My four years at CEC helped me in getting a solid start in my career as an electronics engineer. We had competent and hardworking faculty and excellent infrastructural facilities which helped me and my friends in getting a thorough basic knowledge that took me to where I am today

Liza Maria (B.Tech ECE 2009-2013 batch)
Engineer at Apple Inc. USA (formerly with Motorola Solutions)

College of Engineering Cherthala is a place of learning, fun, art & culture. Being a student at CEC will always be an incredible milestone in my life. Thanks to the faculties of CEC, I fell in love with programming during my initial days of college. despite coming from a Biology background. CEC also pushed me to explore beyond the academic curriculum. The campus environment was ideal for launching startups too, IEDC cell helped us create our startup Pixenova. The final year project, I did in college played a vital role in getting me a job at Razorpay

Aromal Anil(B.Tech CSE 2017-2021 batch)
Frontend Engineer, Razorpay

I really appreciate my time at our college. I learned a lot from the classes and hands-on activities. The teachers were great, and the different things I got to do outside of class made my education awesome. I also got helpful advice from alumni, which has been crucial in my job journey. Being part of our college makes me feel proud and grateful.

Anjali L (EEE 2019-2023 batch)
Operations Associate, Codeyoung Bangalore
